## **C & G Garden Tool Co.,Ltd.**

## COMPANY PROFILE

C&G is one of the most professional factories in China that producing garden tools such as rake, fruits-picker and kneeler. Founded in 2005, the company covers an area of 14000m<sup>2</sup> and a construction area 10000m<sup>2</sup>. Now it has 100 staffs with 3 million pieces annual production capacity. With the professional team, high level quality in the market and competitive price, its products, have been exported to America, Europe , Australia and other countries and received a high reputation. They are sold in HOME DEPOT, WALMART, KMART, BIGLOTS, and TARGET- large supermarket in USA.

C&G attached great importance to the quality. Product quality are strictly checked through the three-level quality

inspection system: worker self-inspection, workshop leader's inspection and company sampling inspection. Meanwhile, a testing laboratory was set up to test the raw material and products through professionals. In order to make sure the excellent quality, it also installed spray coating line . The test reports from SGS and Interek all proved that the products reach the standard of America , Japan and Europe and other countries.

C&G has a qualified technical team.All the moulds and key equipments are designed and made by itself. New items are developed constantly. It owns a number of technical certificates. C&G mission is to maintain high quality research on automatics to improve the product quality and production efficiency.
